

9938

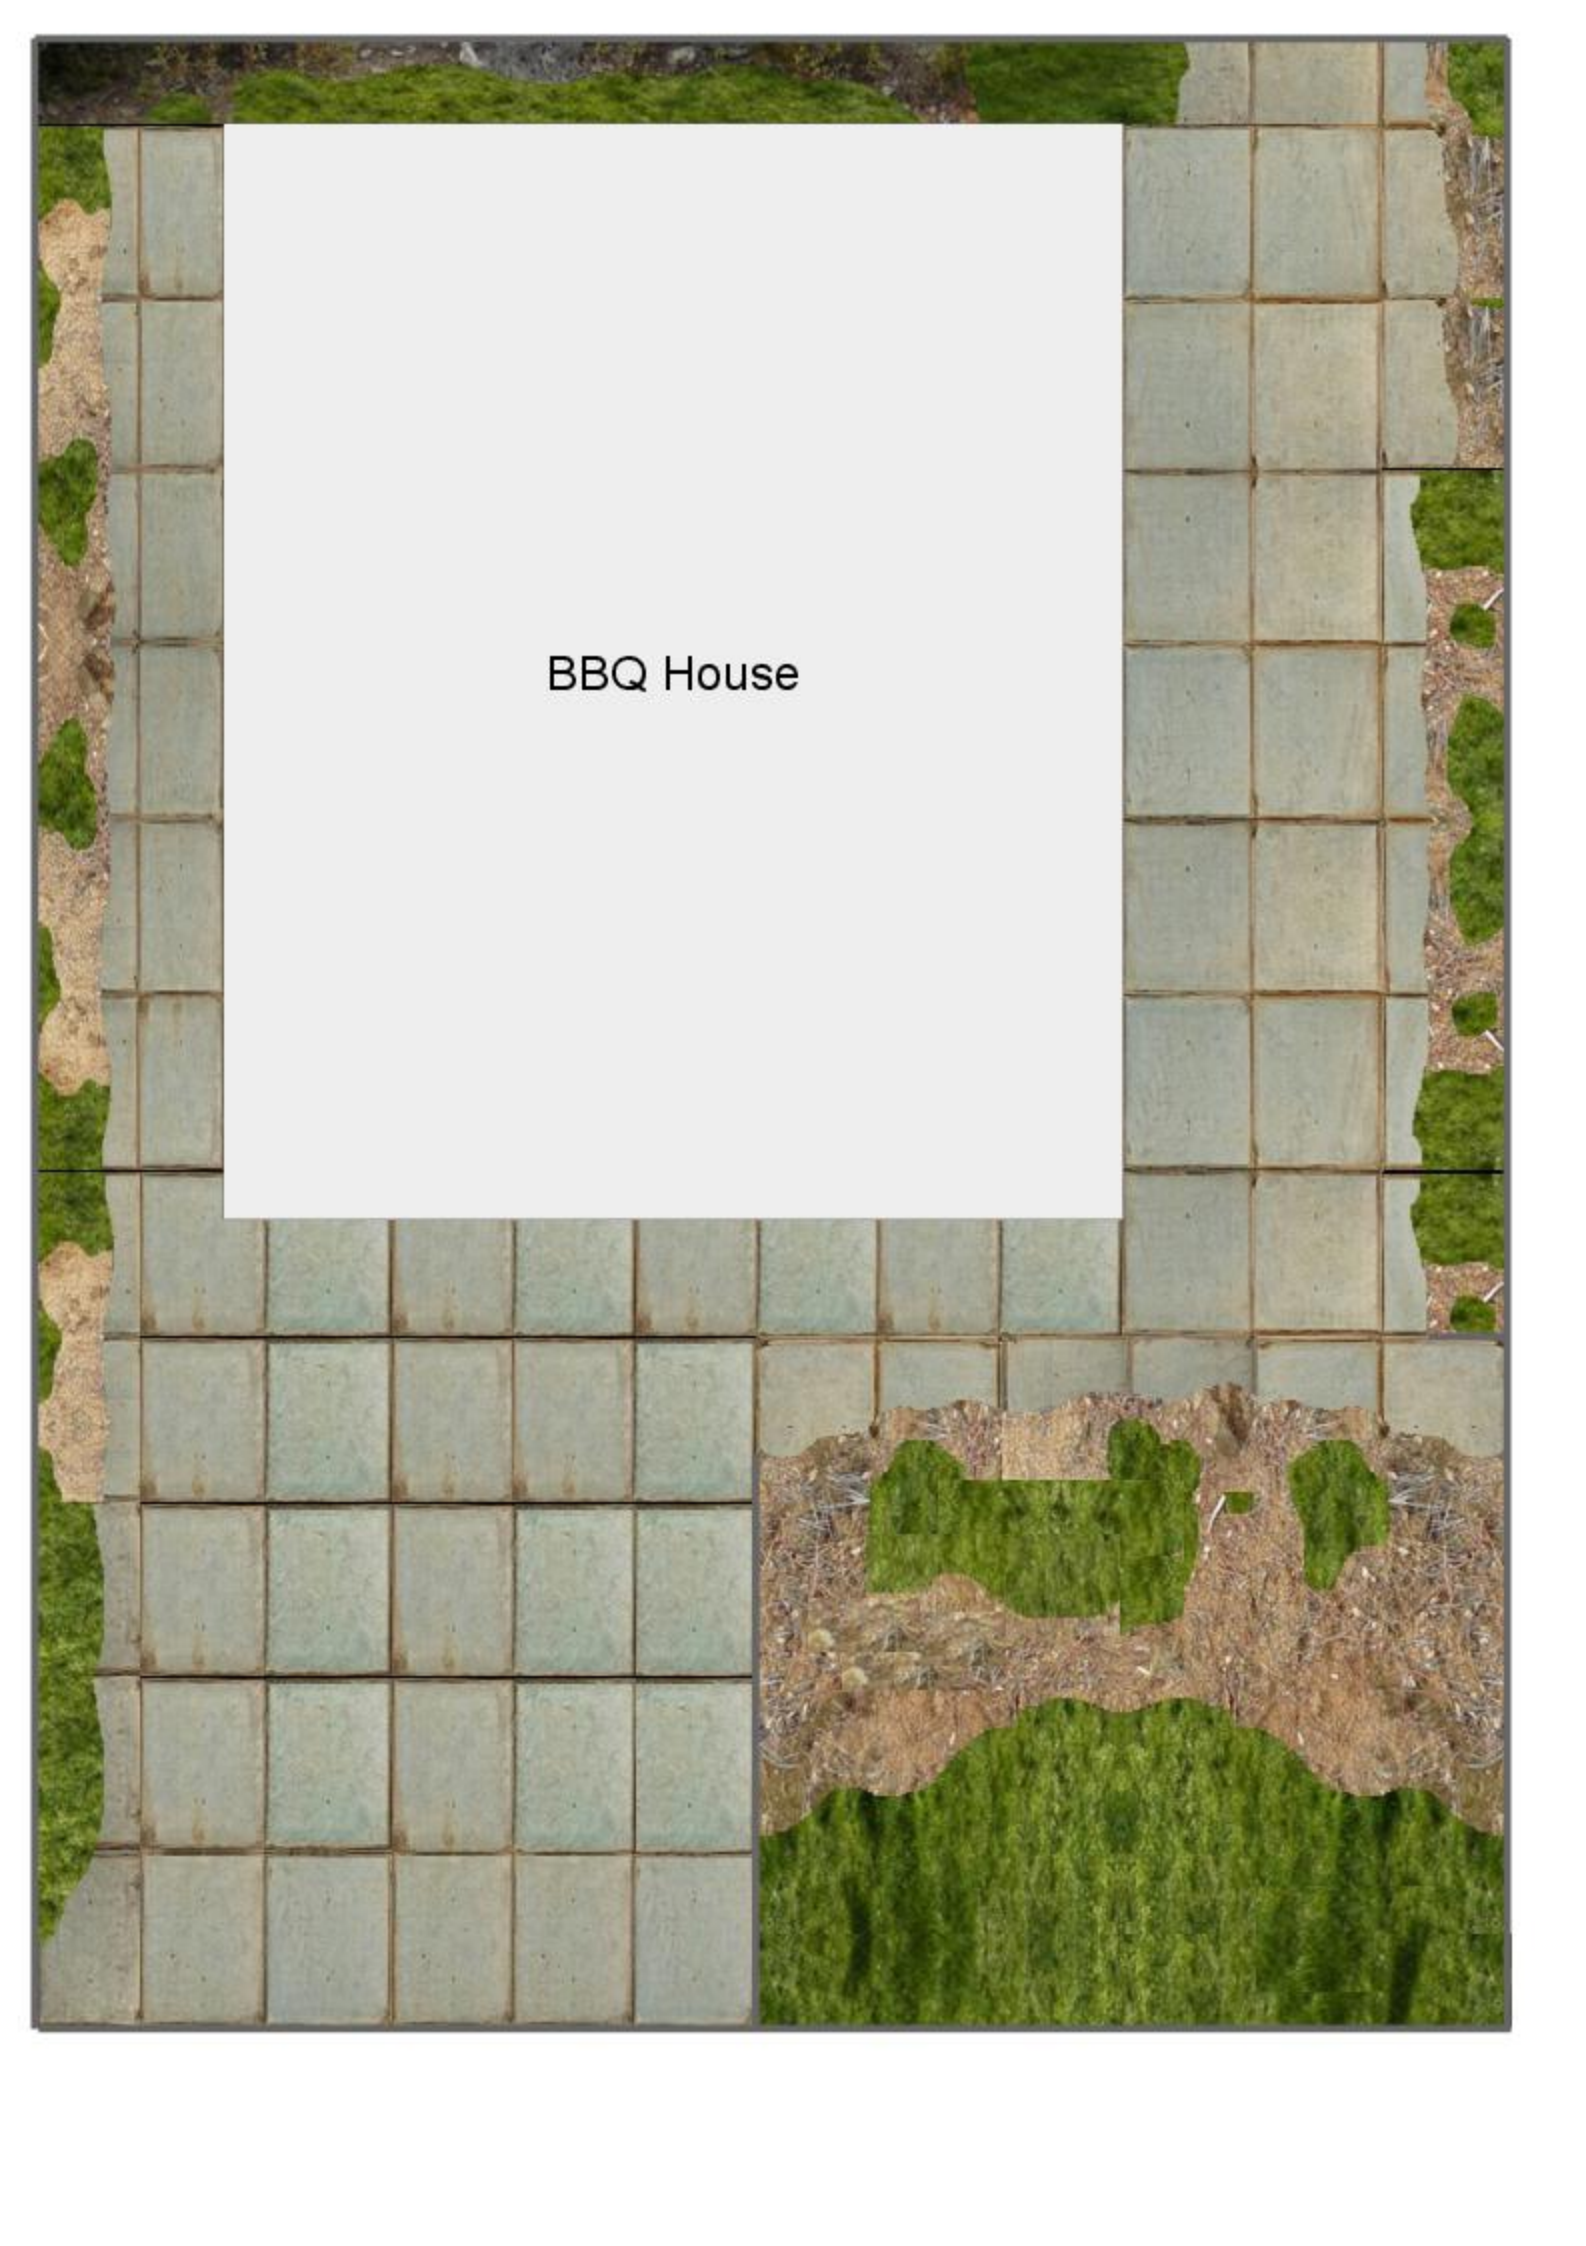

An aerial photograph of a paved area, likely a driveway or walkway, composed of rectangular pavers. A large, solid white rectangle is superimposed over the upper portion of the image. The pavers are a light greyish-blue color. The edges of the paved area are irregular, with patches of green grass and brown soil visible. In the bottom right corner, there is a distinct area of brown soil and grass, possibly a garden bed or a recently excavated area.
